About the League of Former Police Officers: The League of Former Police Officers was founded in November 1970 by former colleagues who recognised the importance of organising support for the social and societal well-being of former members and the spouses of deceased members in a dignified manner.

Objectives of the League:

- To maintain and preserve mutual camaraderie, harmony, friendship, helpfulness, and shared interests among its members.
- To look after the social interests of its members.
- To continuously safeguard the well-being of members by ensuring pension and medical benefits.
- To investigate and promote any other interests that the Executive Committee may identify from time to time.

As the Outeniqua Branch management, we are fully committed to serving these objectives in practice. To enable us to do so, we rely on fundraising. We are a registered Non-Profit Organisation (Registration Number: 011-251-NPO) with the Department of Social Development.

Sponsorship Opportunities: There are various funding options available for potential sponsors. The following options are available, but not limited to these. The availability of holes for sponsorship must be confirmed with the secretary before approval to avoid double allocations.
